Daniel Alter to Participate in Webinar on Fintech in Brazil and the United States

Yankwitt LLP partner Daniel Alter will be participating in a webinar titled, “Finovation: Fintech in Brazil and the United States” hosted by the Brazilian-American Chamber of Commerce on Tuesday, February 9, 2021, from 10:00 a.m. to 11:30 a.m.

The webinar will feature a three-member panel that will discuss the latest developments from the perspectives of both Brazilian and U.S. government officials and regulators on fintech. They will focus on the similarities and differences in fintech trends in Brazil and the U.S. and will discuss the latest cross-border issues that are emerging as a result of advances in digital finance, blockchain technology, and cryptocurrencies. The panel will address trends, the regulatory environment governing digital currency and the likelihood of governments entering the cryptocurrency and digital currency space.

For more information or to register for the event, visit the [Brazilian-American Chamber of Commerce website](#).
