Michael Reed Receives the Westfair Communications Millennial & GenZ Award

Michael Reed, counsel at Yankwitt LLP, has been named a Westfair Communications Millennial & GenZ Award winner. The award celebrates a new era in the workforce and recognizes individuals who are leaving their mark on the technology and business communities of Westchester and Fairfield counties. Michael is one of nine accomplished professionals who will be honored on November 18, 2021, at the Greenwich Hyatt.

Michael was selected from among this year's candidates for his accomplishments as a lawyer, leadership within the legal community, and impact on the community.

"We are proud of Michael's achievements," shared Russell Yankwitt, managing partner. "Not only is he an excellent lawyer who understands how to best service his clients, but he is also a model colleague, always volunteering to help others within the firm and legal community. Michael also actively supports firm initiatives and advances our business development efforts by giving up his personal time to attend networking and nonprofit events. We are fortunate to have Michael on our team!"
