Partner Daniel Alter Presents at Wyoming Blockchain Stampede

Yankwitt LLP Partner [Daniel Alter](#), an early architect in crypto currency regulation and litigation, presented at the Wyoming Blockchain Stampede on September 23, 2021. This year's conference, Future Forward, focused on how new laws in Wyoming impact blockchain and crypto businesses and help form the ecosystem. Danny's session, an interactive panel discussion, examined several hypotheticals based on real-world fact patterns covering an array of timely legal issues in the crypto/blockchain space. Topics included:

- Decentralized Automated Organizations (DAOs)
- Whether digital assets (including governance tokens and stable coins) are securities
- Decentralized finance applications (DeFi)
- Centralized exchanges, Decentralized exchanges, and Automated Market Makers (AMMs)
- State law implications for DeFi applications
