Creative Solutions to Complex Shareholder Disputes & Litigation

Shareholder disputes are characteristically complex, requiring the simultaneous application of [contract law](#), fraud and tort claims, and equitable relief. Our litigators draw on their many years of experience at leading New York City law firms, as federal prosecutors and former federal law clerks, to continually explore creative resolutions to these intense conflicts so that our clients can exit the litigation successfully and on their terms. In that regard, we frequently pursue alternative dispute resolution mechanisms and have obtained some of our great successes at court-sanctioned settlement conferences, mediations and binding arbitration.

If a settlement is not possible, however, we will enthusiastically take cases to trial. We routinely try more cases than almost every other firm in Westchester. In light of our reputation as shareholder disputes lawyers, we are able to optimize outcomes in the most cost-effective manner possible. Yankwitt LLP staffs each shareholder dispute matter leanly with one senior attorney through summary judgment and two at trial. We focus on targeted and streamlined discovery practices, with an emphasis on dispositive motion practice and a constant eye toward achieving the resolution that is in the client's best interest.
