Yankwitt LLP Obtains Favorable Settlement for Hospitality Client

Yankwitt LLP successfully resolved a personal injury matter on behalf of its client, a national hospitality company, arising out of a patron altercation. The plaintiff claimed security personnel failed to defuse the altercation properly, which resulted in the plaintiff suffering a concussion and a broken nose. Yankwitt LLP's pursued a two-pronged defense strategy that involved relentless discovery and an aggressive approach to settlement, negotiating intensely with the plaintiff to save our client money. As a result, Yankwitt LLP settled the matter for less than one-fifth of the plaintiff's initial settlement demand.
