Yankwitt LLP Wins Two Trials for Golden Nugget Casino to Close Out 2021

In a time when a limited number of cases are seeing the inside of a courtroom, Yankwitt LLP took two cases to trial in the last two weeks of 2021 on behalf of its client, Golden Nugget Atlantic City. Yankwitt LLP resolved both matters with extraordinary results — the first with a complete defense verdict in a jury trial in the Atlantic County Superior Court and the second with an arbitrator's decision in favor of the casino and no money awarded to the plaintiff.

“We are thrilled with the results of these cases,” said Keith Bayko, Litigation Counsel for Landry's LLC. “While many organizations are reluctant to try cases, we at Landry's are committed to fighting frivolous, meritless lawsuits.”

The two cases involved slip and falls with claims of various injuries. Neither was supported with credible witness testimony or evidence.

“The attorneys at Yankwitt LLP are not only skilled litigators, but they also are experienced trial attorneys known for their detailed investigations, innovative problem solving, and novel defenses,” shared Keith. “While not all cases should go to trial, the legal strategy and results of these two cases are emblematic of the counsel we receive from Yankwitt LLP.”
